

REMARKS

Applicant has amended the present application to cancel those claims contained in the previously allowed patent application (for which the patent issue fee has been paid) and to add new claims 25-34 which are believed to specifically point out and distinctly claim that which applicant regards as the present invention.

It is believed that this application is in condition for examination. Examination of the claims and early passage to allowance is earnestly solicited.

The Examiner is invited to contact applicant's attorney at the number below if there are any questions.

Respectfully submitted,
